

# Fawn Ridge

Fawn Ridge is the first development of its kind in the Brainerd Lakes Area. A beautifully landscaped and monumented entrance opens to an intimate neighborhood of sixteen home sites, uniquely clustered to allow for acres of open space. Nature trails give access to the waterfront amenities on Fawn Lake to the North and Hidden Lake to the West. The waterfront amenities and open space of Fawn Ridge are privately owned by the residents

to allow the entire Fawn Ridge neighborhood to enjoy the natural beauty of Fawn Lake, Hidden Lake and the acres of surrounding woodland. These features are why we call Fawn Ridge a neighborhood like no other.
