

# The VILLAGES of CREEKSIDE

It's About  
**Time**  
To Build!

*The Villages of CreekSide* offers modest to executive homes featuring the unique architecture of Victorian, Queen Anne, Colonial, Cape Cod, Cottage Style, Bungalow, or Farmhouse Style living. Building single story, two story, town homes, bay homes, and patio homes.

*Victorian*

*The most essential quality of the Victorian home is the use of whimsical imagination. These homes must evoke childhood memories of fantasy and make believe. This is accomplished through ornamentation and color schemes.*

*Farm Style*

*The American farm home symbolizes a warm place to find loved ones and the anticipation of good things cooking in the kitchen.*

*Colonial*

*Colonial homes bring to light a fascinating and romantic piece of our architectural heritage. Economical and refined, they reflect the building practices of America's earliest settlers.*

*Choose from our extensive portfolio of homes.*
